June 2004

Spring 2004

Categories entered: Traffic Circle
Volunteers: Helen Dickinson
Year Built: 1990

Years: 14
Size: 16 Feet

Description: A variety of colors and textures are used to display the plants to their best advantage. This garden shines Spring and Fall, although there is also some Winter interest.

2004 Plant List: Maple tree, tulips, daffodils, dusty miller, heather, grape hyacinth, cotoneaster, and dwarf hollyhocks.

SDOT observations: Some bare soil, opportunistic flowers, and some tall plants currently. We were too late to catch the spring show, when there are plenty of bulbs to fill the gaps!

Mulched: No
